

ENHANCED 9-1-1 MAP BOOK

DORSET (557)

This atlas is the first produced using our new mapping platform (Arc Map & x9GIS). You may notice that the address and road labeling is more difficult to read. We are working to enhance the labeling capabilities in subsequent atlas printings. Thank you for your patience during this transition.

Sources:

- Buildings and other emergency sites: 2006 - 2008 GPS. Attributes were obtained during field collection and by local sources and maps.
- Roads and Driveways: 2006 - 2008 GPS. Attributes were obtained during field collection and by local sources and maps.
- Emergency Service Zones: Based on merged Fire, Ambulance, and Law Enforcement districts matched to ESN numbers.
- Emergency Service Agencies: Supplied by Municipal Contact.

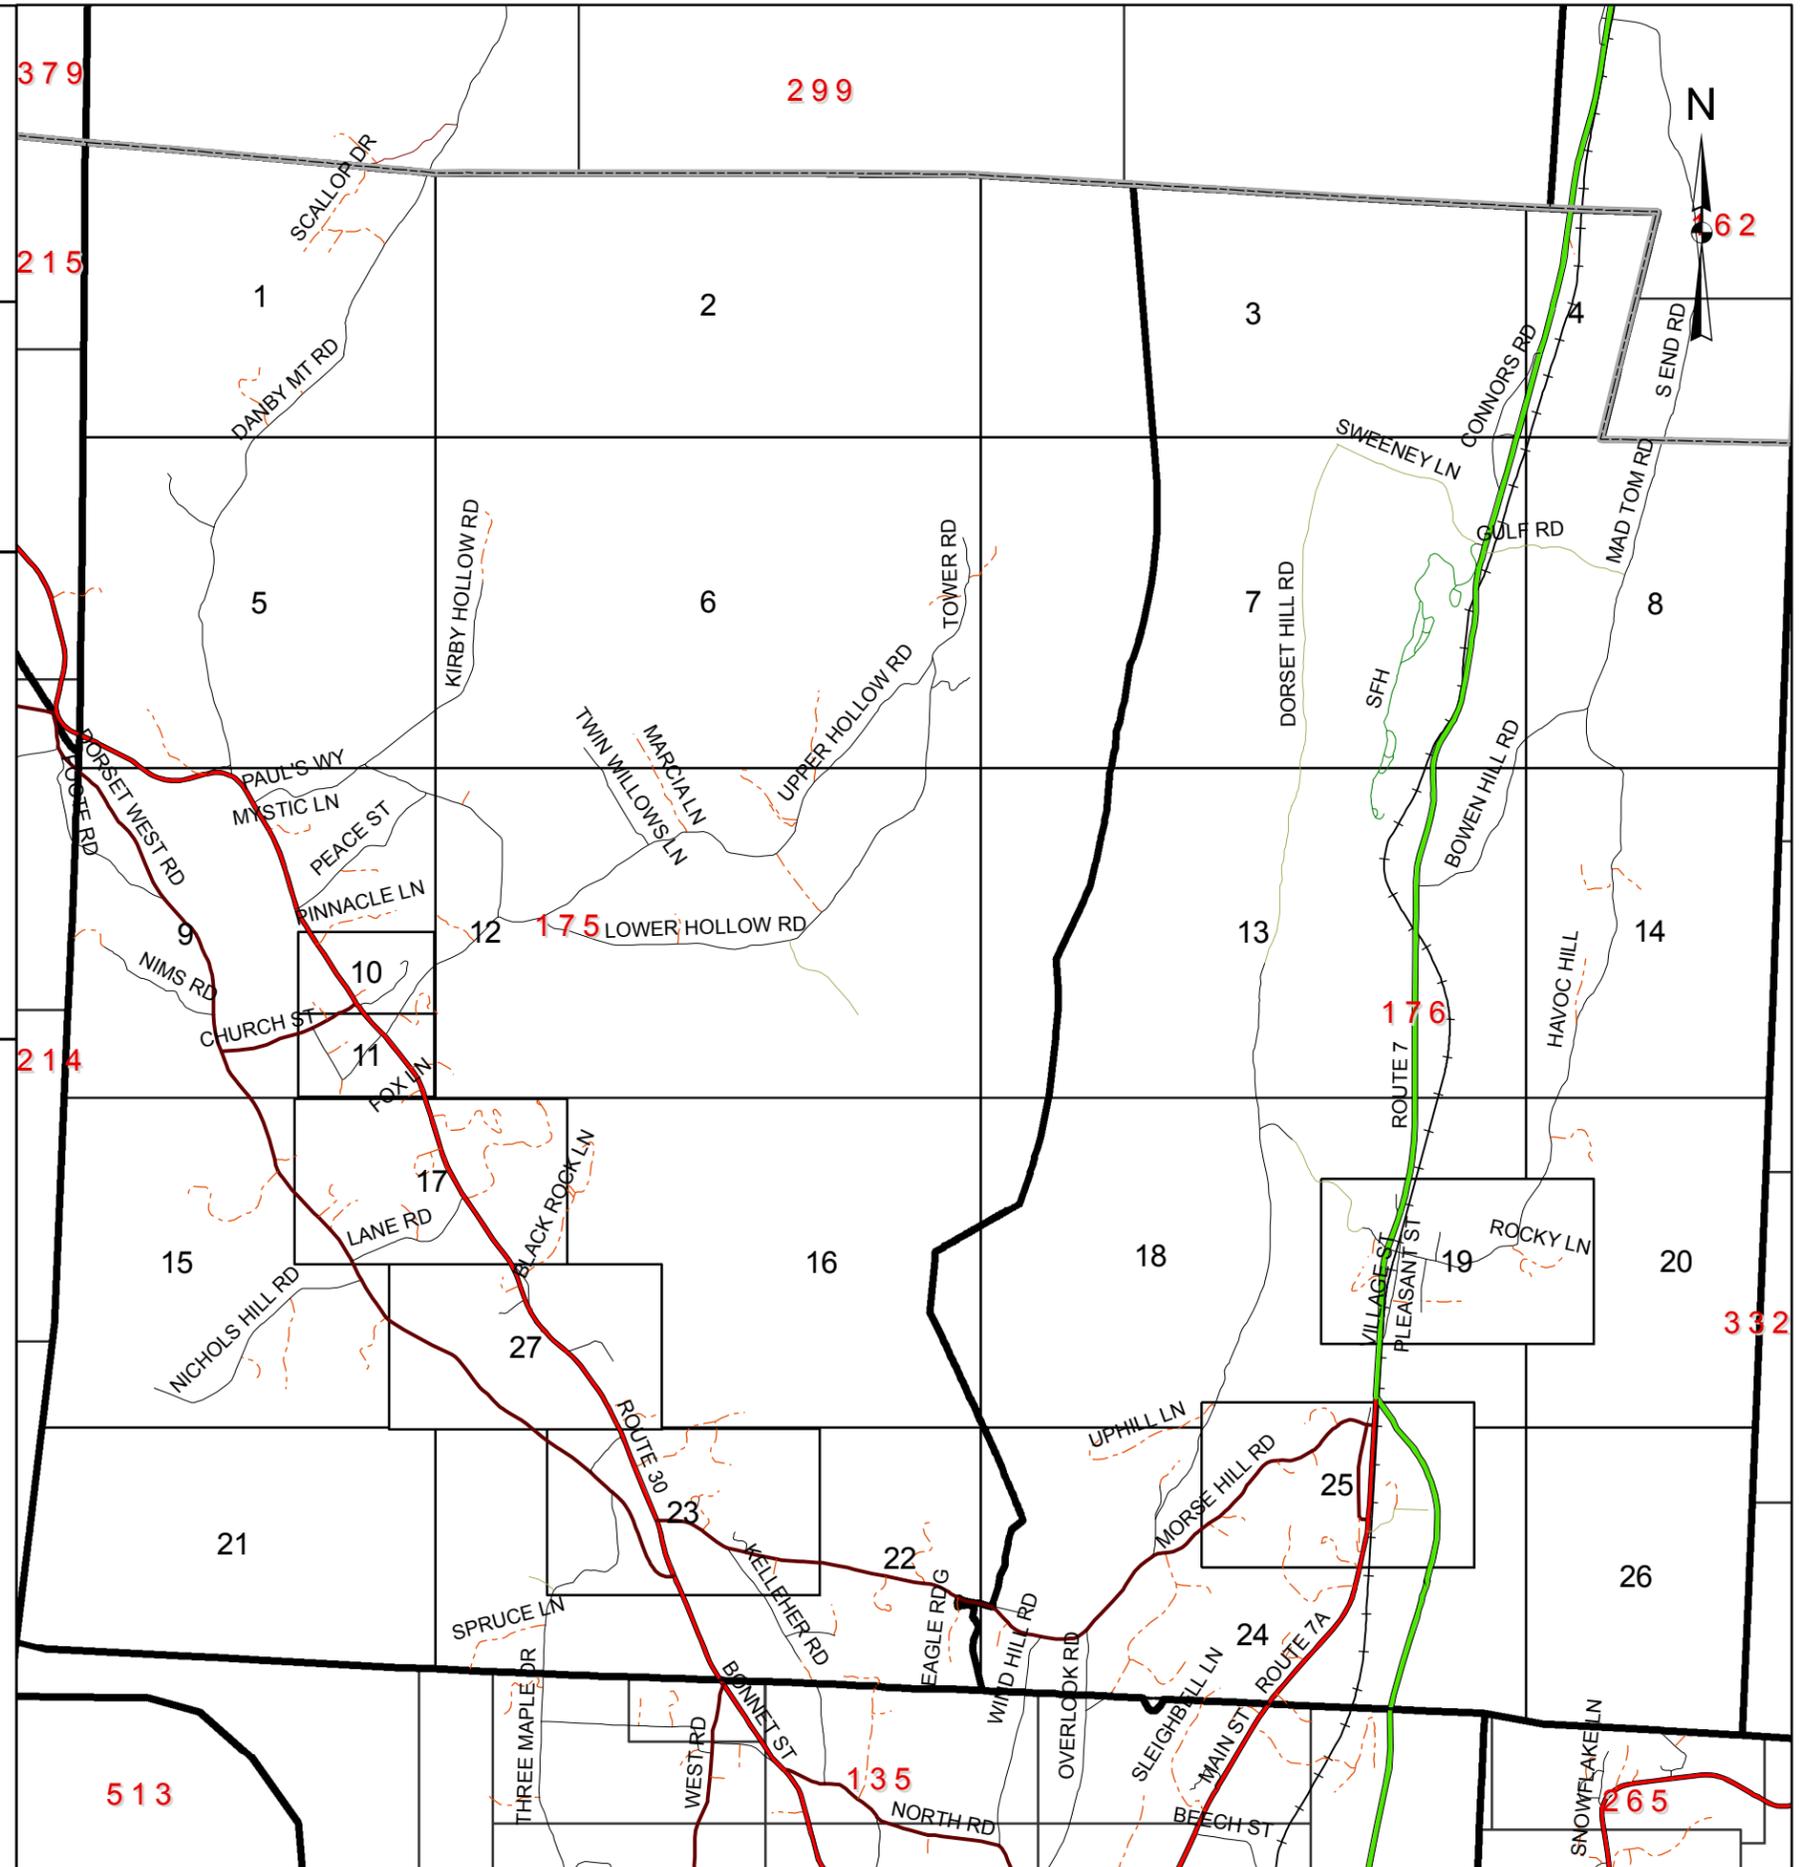

Extreme care was used during the compilation of this map data to insure accuracy. However, due to changing conditions, varied map scales, and the need for reliance on many outside sources, the publisher of this map cannot accept responsibility for errors or omissions. There are no warranties which accompany this material. The information depicted on this map may not be adequate for legal boundary definition or regulatory interpretation.
